Rexurdir do Millo Corvo, testemuña dunha tradición

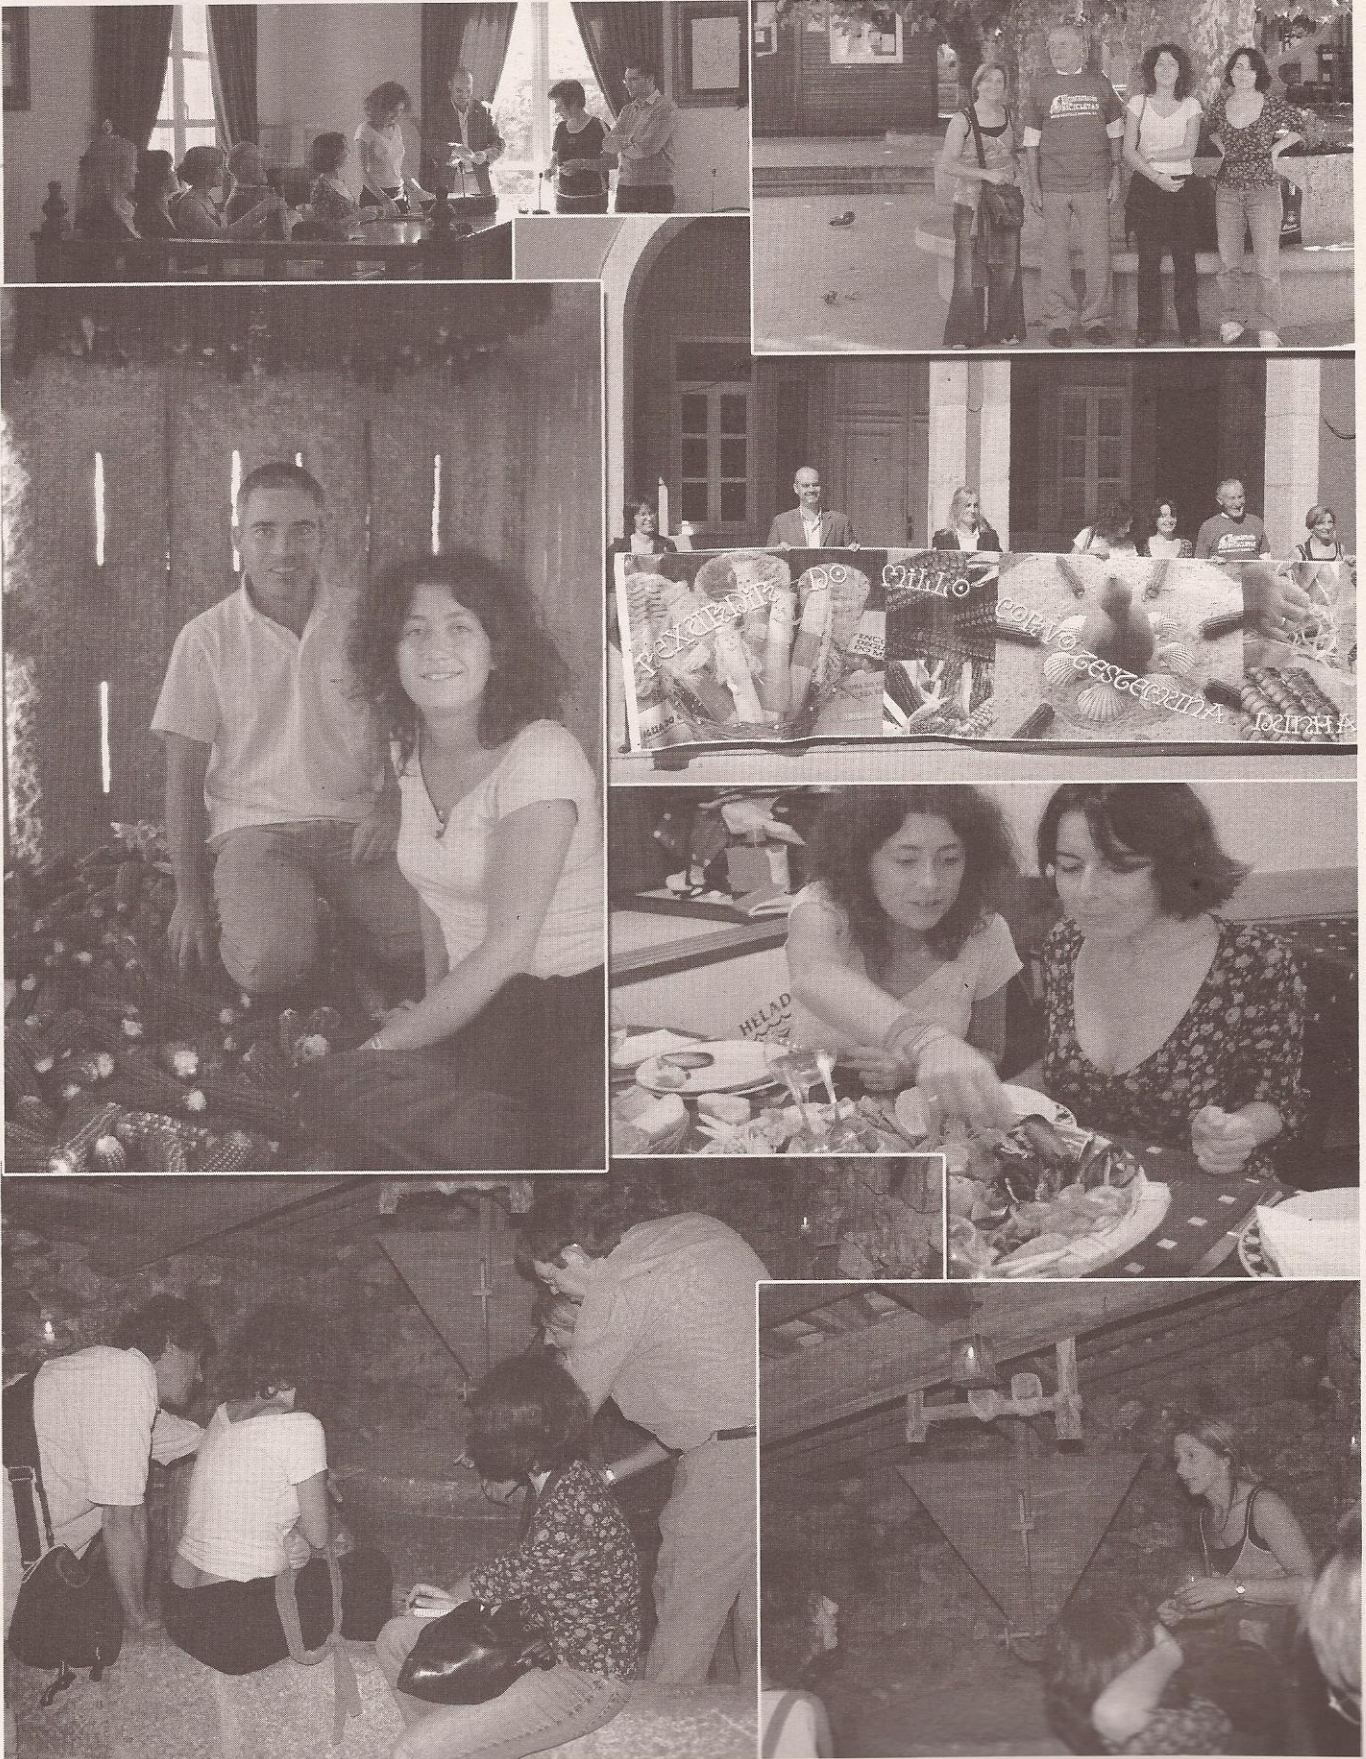

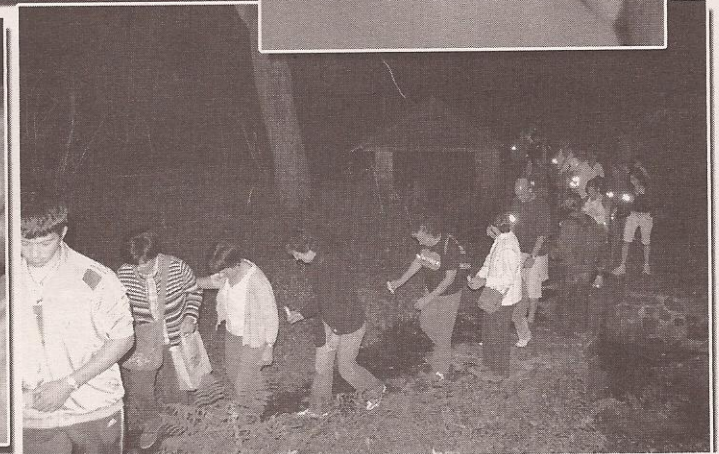

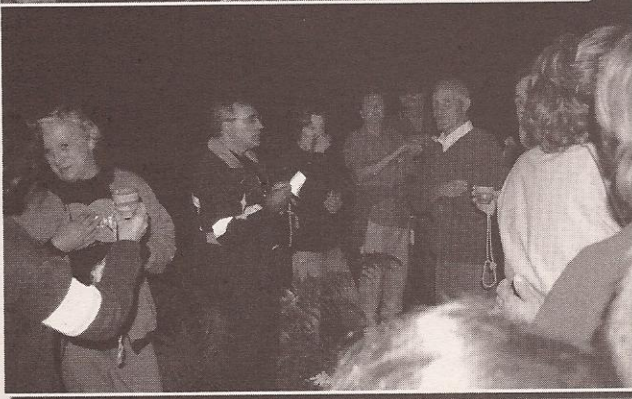

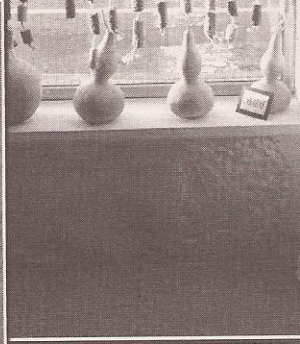

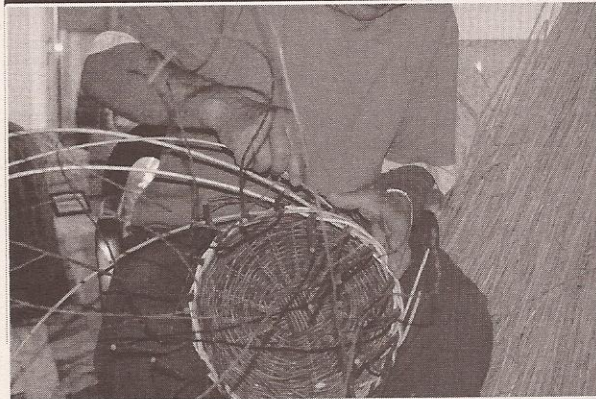

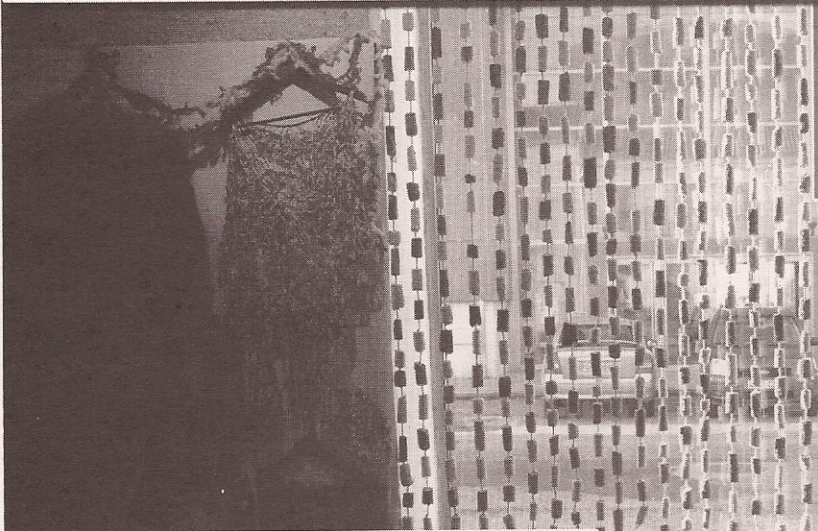

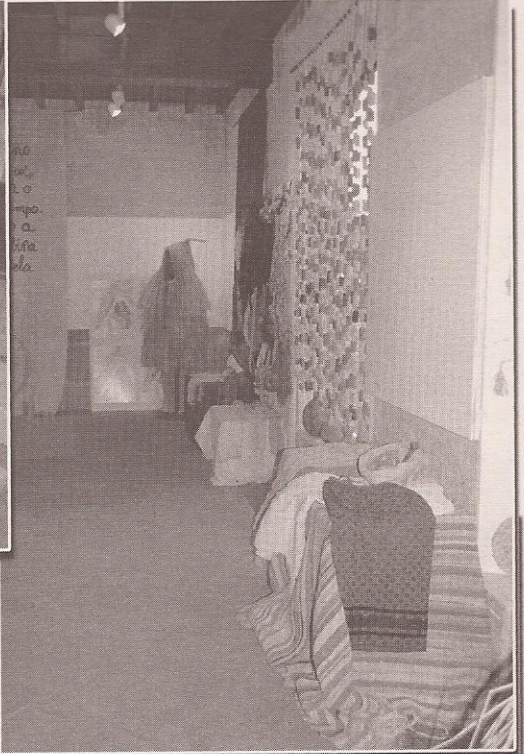

A pesar dos nosos coidados o xabarín sempre é o primeiro en probar o millo corvo.

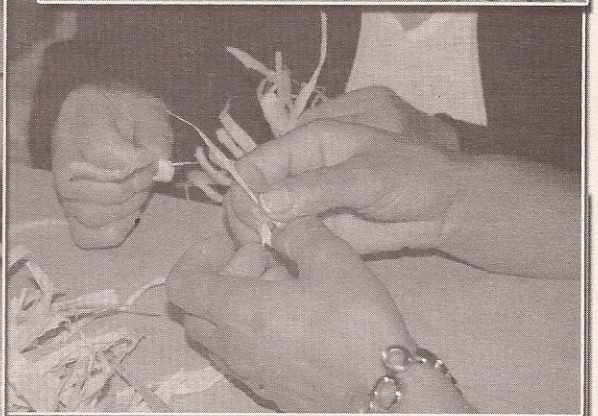

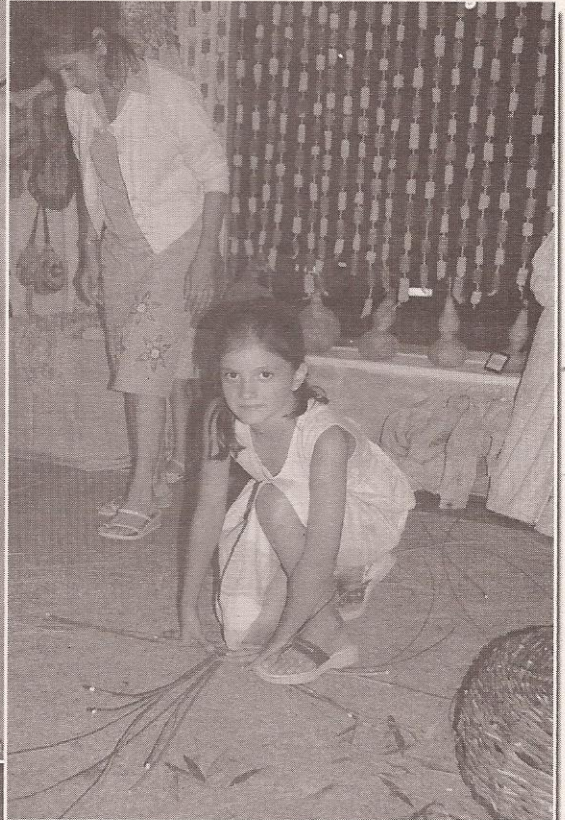

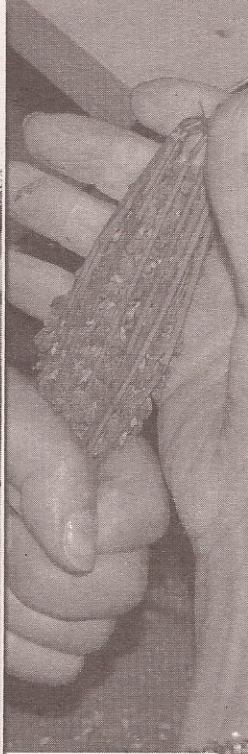

A Directora Xeral de Slow Food, Serena Milano, e a responsable internacional de Slow Food para España, MariaGiulia Mariani, estiveron en Outubro en Meiro para coñecer o ciclo productivo do millo corvo.

Meiro, capital do Millo Corvo
e...de unha cultura ida
esperanza da mocidade que atesoura!
Meiros de labregos certos...
que lle tiñan moito credo e gozaban do sudor!

Non se queixaron
das inxustizas...;Nin do clero!
os tempos eran duros para todos!

Nin dos trabucos
e abusos dos caciques
que hoxe andan inquedos e incertos!

Navegan esvaídos no esquecemento
Ollade os meus amigos
están no TARDÓN!
